**Littering is punishable by fines of up to \$500 and 60 days in jail**

Under Ohio law, litter is any trash thrown, discarded or dropped by a person onto public property, private property not owned by the individual. The Ohio Revised Code prohibits littering, regardless of whether or not it was intentional. Numerous laws prohibit littering and illegal dumping.

**Littering and Illegal Dumping - Orc 3767.32**

Dumping waste, such as discarded trash, oil, appliances, scrap tires, furniture and other items, on private or public land and waterways is strictly prohibited by Ohio law. In addition to being unsightly, illegal dumps can pose health and safety hazards to people and wildlife. Ohioans must use licensed disposal facilities and insist that contracted waste haulers dispose of trash safely and legally.
